Content:
   Draft of the plan – beginning of proposal for the outcome of the intranet project
   Index of files on external server – to be update with Internal server files
   Extended description of the files on external server – including snapshots to help visualize the situation

Draft of the plan:
1. Analyses of the files existing on the external (9, 13-17Dec 2004) and internal (10-14Jan 2005) servers that qualify as Projects. Gather the internal files in the same place accessible for the developer (me) to work with.
2. Creation of the categories and structure of the files. For example:
    1. Outdated
        a. Archive
        b. Delete
    2. Internal Projects
        a. Courses/Students – projects produced during ocurses by students
        b. Thesis Projects
        c. Proffessors
    3. Client Projects
        a. Applied Dreams
        b. Projects produced by Projects Department
    4. Exhibitions
    …
    Approval of the structure by Barbara, Simona, JCZ (17 Jan –21 Jan)
    .
3. Create a common way of presenting projects and set it as a standard. Possible avenues here might include creation of the backend database and user interface for adding projects to the external and internal servers. If this is not an acceptable option find a different procedure. (24 Jan-28 Jan)
    A developer will be required if we decide to build a backend. Estimated time 3-4 weeks.
4. Understand how to fit existing projects and files into the new proposed system. Migrate the files. (31 Jan-11 Feb 2005)

    Coordinate with the communication materials that will be produced for clients (JCZ project)

Index of files on the server:

CC Dreams. New interactions in the context of mobility
APPLIED DREAMS, FIAT, 3/21 NOVEMBER 2003 - Interaction Ivrea

http://projects.interaction-ivrea.it/ad2/

1 page project description + html filed describing project in more detail available on FTP

CONNCOMM

http://projects.interaction-ivrea.it/conncomm/index.php

Connected Comunities place holder—

Some information such as people, seems to be there but links do not work.

DESKTOPSHARE

http://projects.interaction-ivrea.it/desktopshare/
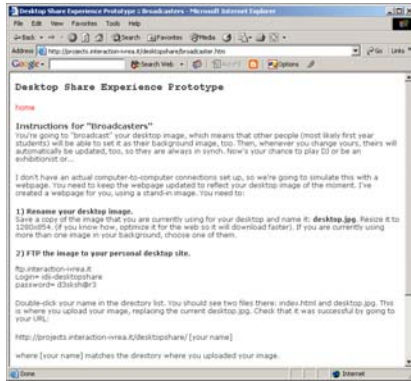

Student project

3 pages-html

/2002 – Missing from Silvio Structure

This directory contains a number of student projects from 2002, such as:

BUILDING AS INTERFACE:
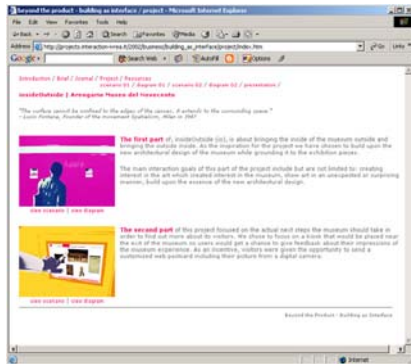

http://projects.interaction-ivrea.it/2002/business/building_as_interface/

Content:
Description-html
Concept proposal – flash
Scenarios – mov QT
Presentation-pdf English/italian

DESIGNING DESIRE

http://projects.interaction-ivrea.it/2002/desire/

List of links to students personal projects

GUI

http://projects.interaction-ivrea.it/2002/gui/

1 page, no links, summary of the projects

HARNESSING TECHNOLOGY

http://projects.interaction-ivrea.it/2002/technology/haptics/
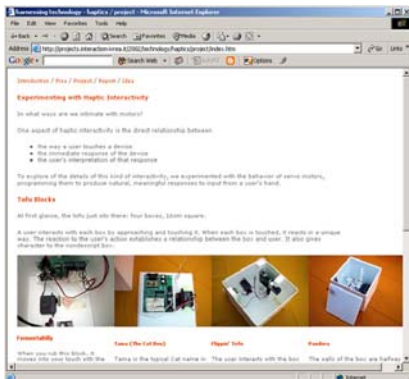

Content

Projects description – html
Trip documentation – QT movie, html
Description of each project – QT movie, html
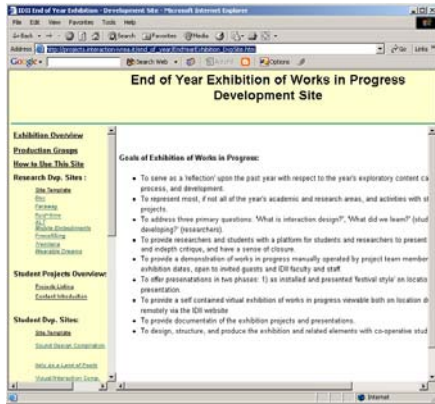

The Cultural Kitchen project

http://projects.interaction-ivrea.it/culturalkitchen/
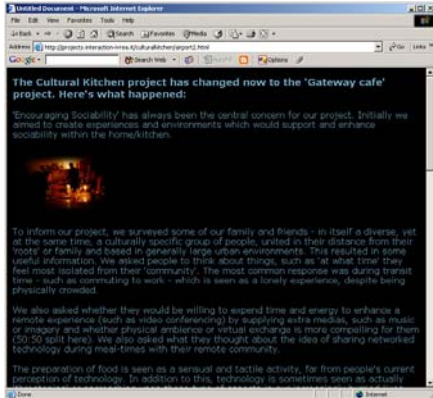

1 page student project

GRACE UNDER PRESSURE

http://projects.interaction-ivrea.it/darc/
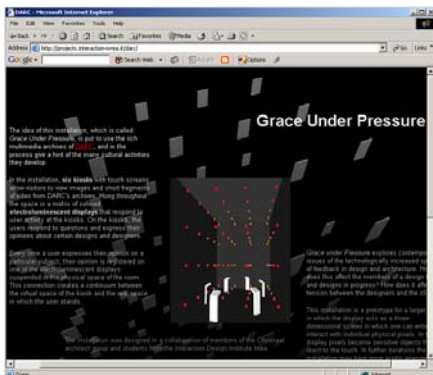

I believe it was exibited in Venice

1 page description of the projects

However inside the ftp directory the entire software is presented – Flash and MOV files.

WEBSITE MANAGEMENT OF SIMULTANIOUS PROJECTS-

http://projects.interaction-ivrea.it/end_of_year

This site serves as communication tool between designers and curators. Designers can request the necessary equipment and tools and curators can view the progress and fulfillment of the requests.

It has been used for preparation for the end of year show in 2002

The directory contains html files for variety of projects, its not DB driven, it was created manually.

IDII EXHIBITIONS gallery

http://projects.interaction-ivrea.it/exhibitions/

There is not much description of the site here.

I presume it's a place holder for the future Exhibitions Gallery site, or its an old site.

EXPERIENCE LAB

http://projects.interaction-ivrea.it/experiencelab/
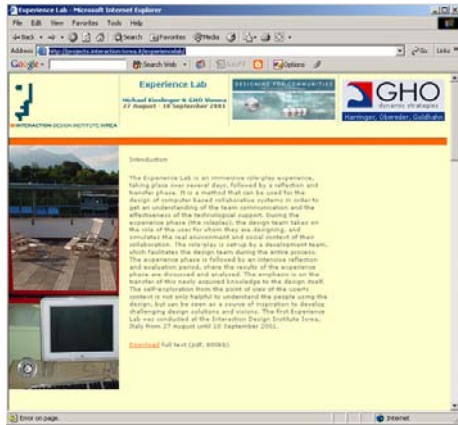

2001 Micael Kislinger project

Content:
Description- html
Description-pdf

IMAGES
http://projects.interaction-ivrea.it/images/background.gif

Directory contains 3 images used as Background for one of the old End of Year Show sites 2001

INTERNSHIP WEBSITE

Describes internship of the students at Pontedera

http://projects.interaction-ivrea.it/internships/pontedera/

Content:
1 page blog html
External links to resources
_____Pages that exist on the server but not linked externally:
Archives –
Documents – Microsoft Word
Prsentation-ppt
Movies-mov QT
Photos

IVREA
http://projects.interaction-ivrea.it/ivrea/

1 page text – supposed to be a site for information in Ivrea

LEARN
http://projects.interaction-ivrea.it/learn/

A website used by "FarAway" project to document and describe the games they used furing the project.

LUNCH SPEAKER SERIES

http://projects.interaction-ivrea.it/lunch/
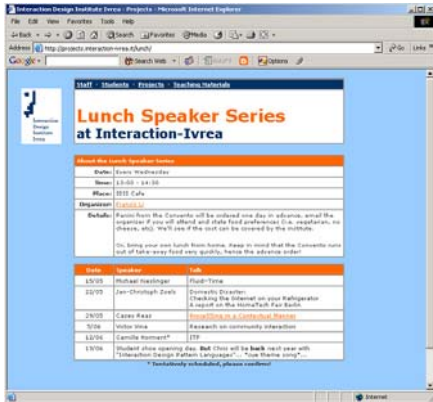

Old 1 page website describing the speakers – 2001

LIBRARY OF PRIVATE MOVIE COLLECTIONS of the students

Used to vote for the movie to be watched during the week

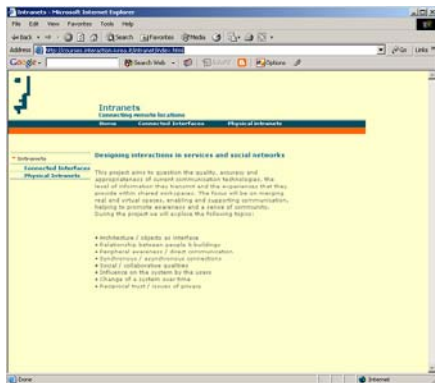

http://projects.interaction-ivrea.it/portraitworkshops/

THE PORTRAIT WORKSHOPS

Site of the childeren workshops held in Genova

http://projects.interaction-ivrea.it/portraitworkshops/
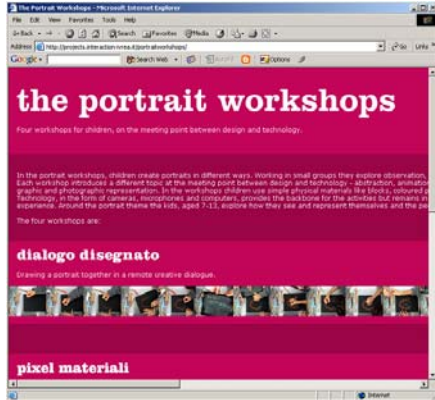

COURSE PROJECTS – 2004
INTRANETS – CONNECTING REMOTE LOCATIONS

http://courses.interaction-ivrea.it/intranet/index.html

Homogenic presentation of the projects created during the course "Intranets"
The layout and structure is followed thoughout the site.
