# PROPOSED PROJECTS SERVER STRUCTURE

## LEVEL 2 - PROJECTS

# PROPOSED PROJECTS SERVER STRUCTURE

## LEVEL 2 - PROJECTS

# PROPOSED PROJECTS SERVER STRUCTURE

## LEVEL 3 - FOLDER CONTENT

Inside every project folder there the following structure is proposed:

project folder

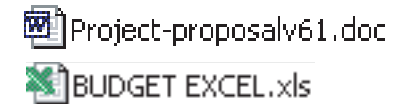

folder containing all project materials created during the project execution organized by the project team

BUDGET and PROPOSAL

folder containing Budget and Project proposal

excel file - containing budget and word file containing proposal. Those projects that were created before and do not have excel file will have a word document with project description

PRESS OFFICE

A folder called Press Office which will include a word document containing text information approved for Press Releases and communication and visual materials approved and ready for Press Releases and communication

## LEVEL 4 - FAST ACCESS

A webpage representing all projects will be provided for internal use. It will include a project Name, Project description and location of the project on the server for quick find.
